As the pandemic enters a new phase and official restrictions are lessened or eliminated, lodging properties must take the lead in ensuring that guests, employees and other audiences are aware of our continued and unwavering commitment to safety. That's why AHLA and OHLA partner to bring you the Safe Stay initiative focused on enhanced hotel cleaning practices, social interactions and workplace protocols to meet the new health and safety challenges and expectations presented by COVID-19.

Safe Stay guidelines were created by an advisory council comprised of leaders from all segments of the hotel industry in accordance with CDC best practices. Safe Stay is endorsed by all major U.S. hotel brands, and are the entire industry's go-to guidelines.

Safe Stay includes online education elements developed in partnership with the American Hotel & Lodging Educational Institute to help lodging properties train their staffs on the enhanced safety and cleanliness guidelines.
